

Student Assistant

Are you a committed student in the fields of production engineering, industrial engineering, mechanical engineering, business administration, economics, civil engineering or architecture and are interested in supporting our consultants in demanding projects and gain valuable work experience at the same time?

We expect:

- above-average academic performance.
- keen perception.
- good analytical skills.
- openness, communication skills and team spirit.
- confident use of Microsoft Office.
- good English language skills, additional language skills desirable.

We offer:

- Activities as a student assistant (12-19 hours per week).
- Practical semester.
- Thesis in the context of a consulting project.
- Internships.

Have we piqued your interest?

Then we would be pleased to receive your application documents or just send us a short CV via e-mail:
